ENVIRONMENT

CSR Proposals: Uniqueworld believe that we should have a positive impact on our environment.

Members/Environment: Uniqueworld's members and suppliers seek to minimise negative effects on the environment and produce live events with minimal environmental impact.

Where possible, we also encourage our members to be sensitive to the environment when holding live events. Catering partners, for example, recycle all bottles, minimise waste and source sensitively farmed, local produce.

Training: Uniqueworld's members strive to create a positive working environment and encourage learning, and well-being within teams.

Community: Members are active in the community and regularly support charity initiatives as well as offering discounts to health and other key workers.
